

**ACKNOWLEDGEMENT OF NOTIFICATION
OF HAZARDOUS WASTE ACTIVITY**

09/18/89

This is to acknowledge that you have filed a Notification of Hazardous Waste Activity for the installation located at the address shown in the box below to comply with Section 3010 of the Resource Conservation and Recovery Act (RCRA). Your EPA Identification Number for that installation appears in the box below. The EPA Identification Number must be included on all shipping manifests for transporting hazardous wastes; on all Annual Reports that generators of hazardous waste, and owners and operators of hazardous waste treatment, storage and disposal facilities must file with EPA; on all applications for a Federal Hazardous Waste Permit; and other hazardous waste management reports and documents required under Subtitle C of RCRA.

EPA I.D. NUMBER ->

NYD057722019

FACILITY NAME ->

DEUTSCH RELAUS

MAILING ADDRESS ->

65 DALY RD
EAST NORTHPORT, NY 11731

INSTALLATION ADDRESS ->

65 DALY RD
EAST NORTHPORT, NY 11731

EPA Form 8700-12AB (4-80)

ATTN: PERMITS ADMINISTRATION BRANCH, ROOM 505

TO: DICKINSON, JACK
DEUTSCH RELAUS
65 DALY RD
EAST NORTHPORT, NY 11731

In order to prepare your Part 373 permit application, you will need to refer to the following:

1. 6NYCRR Part 370: Hazardous Waste Management System: General.
2. 6NYCRR Part 371: Identification and Listing of Hazardous Wastes.
3. 6NYCRR Part 372: Hazardous Waste Manifest System and Related Standards for Generators, Transporters and Facilities.
4. 6NYCRR Subpart 373-1: Hazardous Waste Treatment, Storage and Disposal Facility Permitting Requirements. Especially 373-1.5, the required contents of the Part 373 permit application.
5. 6NYCRR Subpart 373-2: Final Status Standards for Owners and Operators of Hazardous Waste Treatment, Storage and Disposal Facilities. This subpart sets forth the technical standards which must be met by this facility.
6. 6NYCRR Part 374: Standards for the Management of Specific Hazardous Wastes and Specific Types of Hazardous Waste Management Facilities.
7. 6NYCRR Part 361: Siting of Industrial Hazardous Waste Facilities.
8. 6NYCRR Part 617: State Environmental Quality Review Procedures.
9. 6NYCRR Part 621: Uniform Procedures.

Copies of the regulations are available at the Region 1 Office, Building 40, SUNY, Room 219, Stony Brook, N. Y. 11794.

Enclosed for your reference is a copy of the "Permit Applicants' Guidance Manual for the General Facility Standards of 6NYCRR Part 373-2". This document contains useful guidance to assist you in preparing your permit application. Also enclosed is an environmental assessment form (EAF). 6NYCRR Part 617 requires NYSDEC to determine the environmental significance of the regulated activity. The EAF must be completed and submitted with the application in order for this determination to be made.

Your application format must be organized to follow the same order of required application elements in the enclosed "Technical Completeness Checklist for Hazardous Waste Storage, Treatment, and Disposal Facilities" which will be used by the NYSDEC to evaluate the completeness of your application. Please complete this checklist by indicating the page number of each item in the application. This will assist you in confirming that you are submitting a complete application as well as provide a table of contents for your application. Keep in mind that late or incomplete submittals are subject to enforcement action.

Please be aware that your facility is subject to 373-2.6(1) which requires that the owner or operator of a facility seeking a permit for the treatment, storage or disposal of hazardous waste institute corrective action to clean up any contamination caused by prior releases of hazardous waste or hazardous waste constituents from any active or inactive solid waste management unit, regardless of when the waste was placed in the unit. In order for us to begin to address this requirement, we ask that you identify all the solid waste management units (SWMUs) at your facility and identify releases that have occurred from these units by completing the enclosed form "Information Regarding Potential Hazardous Waste and Hazardous Waste Constituent Releases From Solid Waste Management Units." Return the completed form to the addresses listed below by February 1, 1988.

If your facility manages waste polychlorinated biphenyls (PCBs), note that these materials (see 371.4(e)) are listed hazardous wastes in New York State and may need to be addressed in your Part 373 permit application. Meeting this requirement will not, however, excuse you from your duty to comply with the Toxic Substances Control Act and 40 CFR Part 761.

All information submitted in your application will be subject to public disclosure, to the extent provided by 6NYCRR Part 616, "Public Access to Records of the DEC", 6NYCRR Part 370 and 40 CFR Part 2. You may, however, make claims of confidentiality. Such claims must be clearly indicated by marking "Confidential" on the specific information for which confidential treatment is requested, and must be accompanied, at the time of submission, by a written substantiation of the claim answering the following questions:

- A. Which portions of the information do you claim are entitled to confidential treatment?
- B. How long is confidential treatment desired for this information?
- C. What measures have you taken to guard against undesired disclosure of the information to others?
- D. To what extent has the information been disclosed to others, and what precautions have been taken in connection with that disclosure?
- E. Has DEC, EPA, or any other state or federal agency made a pertinent confidentiality determination? If so, include a copy of such determination or reference to it, if available.
- F. Will disclosure of the information be likely to result in substantial harmful effects on your competitive position?

Information covered by a confidentiality claim and the above substantiation will be disclosed by DEC only to the extent and by means of the procedures set forth in 6NYCRR Part 616 and Part 370. If no claim of confidentiality accompanies the information when it is submitted, DEC may make the information available to the public without further notice to the submitter. For all claims of confidentiality, DEC is requesting that the applicant submit the application with those pages considered confidential clearly marked in a separate attachment to each of the individuals indicated below.

Should you require assistance developing the Part 373 permit application, and to familiarize the regulatory permitting personnel with the facility's status, a compliance evaluation inspection and application presubmittal meeting may be requested. At this meeting, you will be prepared to demonstrate that the facility is in compliance with the 6NYCRR Part 373-3 Interim Status Standards.

Please submit one copy of the complete application package to each of the following by August 2, 1988.

- Robert A. Greene, Regional Permit Administrator
Building 40, SUNY, Room 219
Stony Brook, New York 11794
- Robert A. Becherer, P.E., Regional Hazardous Waste Engineer
SUNY, Building 40
